Get to know us

MAXE, synonymous with superior quality automotive products, supplies OEM's and the aftermarket fitment centers in South Africa and across the African continent with products of the highest standards.

As market leaders, MAXE specialises in developing and innovating lifestyle accessories to meet our customer needs by adding functional and practical items to its product range. In our quest to consistently improve and expand, we have introduced the RollaTop to MAXE's product range.

The RollaTop from MAXE is a game-changer. Besides protecting your contents with its robust and uniquely engineered locking system, its added benefits include:

- ✓ Effective drainage system, ensuring no water collection on the RollaTop.
- ✓ Durability and vibration tested to various OEM standards. Each component has been tested under its natural resonance frequency for over 3 million cycles without fail.
- ✓ Easy installation saving you time and money.
- ✓ Available with a compatible Sportsbar, making MAXE a one stop shop!

Precision engineering and testing:

- First class engineering and research to bring a global solution to you.
- Durability and vibration tested to various OEM standards. Each component has been tested under its natural resonance frequency for over 3 million cycles without fail.
- High-pressure water resistance.

Highest quality standards that meet our customers' needs:

- Effective drainage system, ensuring no water collection on the RollaTop.
- Excellent water-resistance capabilities, ensuring minimum water enters the load bin.
- Recyclable plastic.
- Maintenance hatch for access to clean out natural debris.

Sophisticated and functional design:

- Ability to access the bin when the RollaTop is closed.
- Easy to install with clear instructions and guidelines.
- The pull strap assists in opening or closing the RollaTop without overstretching.
- Auxiliary channels for the use of additional accessories such as bike racks and styling bars.
- Stainless steel handle tested for durability passed over 16 years of testing for opening and releasing.

Outstanding security and protection for your load bin:

- Robust and uniquely engineered locking system.
- Dual locking system.
- Unique interlocking slat design to prevent access to the load bin when the RollaTop is closed.

Other features:

- Ability to carry a distributed load of 100kg.
- 3 years warranty, provided maintenance is regularly adhered to as per instructions.
- Available to most makes of vehicles.

Did you Know?

The MAXE RollaTop can even be pre-assembled prior to starting your fitment and can be fitted in under an hour! Through sourcing your sportsbar and RollaTop from MAXE, with our easy installation, you will save time, sourcing efforts and money!

Available for most of the popular brands

Protect and secure your double cab load bin with the highly durable and superior quality RollaTop, designed with precision engineering taking functionality and practicality into consideration.
