TONNEAU COVER

Tonneau covers are manufactured from UV tested, approved, automotive grade vinyl (700gsm) using an integrated reinforced structure.

All components are made from either stainless steel or anodised aluminium making them particularly resistant to corrosion.

Highest water and dust resistance in the industry and will not dam water due to their unique torsion settings and premium quality material which is the highest available in the industry.

Tonneau covers have a revolutionary torsion latch mechanism making them extremely easy to open and close.

Tonneau covers are manufactured to the highest automotive quality standards (Certified Automotive Quality Standard IATF16949) to withstand even the harshest African conditions.

Tonneau Cover: Styling Bar Compatible

Part Number: PZN65DD147B
Applicability: Double Cab

Tonneau Cover: Without Styling Bar

Part Number: PZN65DD146B
Applicability: Double Cab

Tonneau Cover: Styling Bar Compatible

Part Number: PZN65DD145B
Applicability: Xtra Cab

Tonneau Cover: Without Styling Bar

Part Number: PZN65DD144B
Applicability: Xtra Cab
